

Commercial Canopy Program

Bringing trees to Minneapolis businesses and organizations

Keep your customers cool in the shade

Get low-cost trees planted for your business

Benefits of trees on your property:

Lowers energy bills.

Improves curb appeal and
beautifies the neighborhood.

Helps the environment
and cleans the air.

Plant for the future of your business

For **\$30** each, you can order City Trees for your business, organization, or apartment building—and help build a healthier, cooler city.

The City Trees Program will:

- Work with you to find the best trees for your property.
- Plant and mulch the trees.
- Provide donut watering bags to assist in watering the trees if requested.
- Send you reminders to water and check on your trees.
