

Xcel Energy | MN Lighting Efficiency Bonuses

The **MN Lighting Efficiency Program** is excited to announce the relaunching of the 2022 bonuses this year. To qualify for these bonuses, customers' invoices must be dated between **April 1, 2023, and November 15, 2023**. The completed project paperwork must be submitted by December 1, 2023.

This Year's Bonus':

- **Additional 25% Bonus Rebate on Interior Lighting (Includes DLA)**
- **Additional 25% Bonus Rebate on Grow Lighting**
- **Additional 25% Bonus Rebate on Exterior Lighting (Includes Street Lighting)**
- **Additional 100% Bonus Rebate on LED Tubes**
- **Additional 50% Bonus Rebate on Screw-In Lamps**
- **Additional 10% Bonus Rebate for Installing Three or More Fixture Categories as Listed on the Application**

** This year, the additional 10% bonus rebate (up to \$5,000 per application) is new. On our lighting retrofit application, we have different sections of lighting.*
